AMERICAN LEGION CELEBRATION

Henry Stone Post American Legion put on their first Fourth of July celebration at Norway and scored strong considering counter attractions within easy automobile distance. Threatening weather in the morning had some effect on the attendance, but as the sun burned through before noon many not on the spot early came for the afternoon festivities.

The procession formed about 8.30 at the Legion headquarters with the different sections resting on Whitman, Bridge and Upper Main Street. Waiting for one or two decorated automobiles caused a slight delay but the parade was on its way shortly after 9 o'clock. The route was down Main, on Paris Street to Winter, up Beal and Cottage streets to the starting point.

Harold Drake was marshal and followed by the Norway-Paris Band. Behind came forty Boy Scouts, County Executive Harold C. Perham of West Paris in command. They marched like veterans and won applause along the route. A line of decorated floats attracted attention for their original designs and beauty. One truck loaded with noise makers of the fantastic type paraded the band.

The second division included nearly every automobile dealer in the Twin Towns. Their models were shown and proved an excellent advertising feature. There were a number of private cars decorated effectively. The new fire truck made a hit in the parade and the Central Maine Power Co. were there with three cars.

The store fronts in the Opera House block were covered with flags and bunting and other business places and residences displayed the stars and stripes. Hundreds of cars were parked along the line of march but at no point was there any confusion. Officers Hutchins, Barker and Kimball and Boobler handled the traffic easily.

Prizes awarded by the committee as follows: Best decorated float, Brown Buck Co.; second, Carroll Jellerson Co. Best decorated car, Ernest B. Jackson.

At the Fair Grounds
Directly after the parade the crowd drifted to the grounds where remainder of the day was given up to the sports and fun. The Legion boys were out in force and handled the entire show.

The gates were in charge of Eliot A. Fuller, Alfred Dyer, Dave Klain, Maurice E. Prince, Abe Klain, "Rusty" Herriek and assistants. Refreshments were served at a booth on the grounds.

These were managed by Walter P. Gault, Lawrence Dennison, Napoleon Roy, Lester Witham, Wilbur Downing, Pete Palmer, "Razor Snow," and Bushy.

Palmer, Arthur Gammon and others. The Twin Towns Association also carried on a thrilling business under the judges stand with Tim Gammon, Fred and Geo. Lafrance in charge. Bridge of Bridgton sold pop corn from the familiar outfit and the Baker Bros. of Auburn operated a dancin' game for prizes.

The grounds were policed by officers Charles Boobler, Ernest Hutchins, Horace Kimball and Earl Barker. Aside from watching out for fence jumpers and directing auto traffic, there was little to do.

Norway-Paris Band stationed in the judge's stand played at intervals both morning and afternoon.

Turgeon, the Leviston aviator made frequent trips with passengers, and circled the grounds on each flight from the flying field near Arthur D. Cummings' on Fore Street.

An approaching shower late in the afternoon started the people homeward in a hurry. Many delaying until too late were caught in a torrent of rain and hail brought in with a regular wind. Lightning played vividly at intervals, adding more noise and color to the celebration.

So far as report the only accident was to Frank Smith of Norway while participating in the Boy Scout events was knocked out by a baseball which sailed high in air and dropped on his head. He was knocked out for a time but pluckily returned and participated in the program.

Between six and seven hundred is the estimated attendance for the day.

Athletic Events
The Boy Scouts from Norway, South Paris and West Paris staged eight interesting events in front of the grand stand during the day.

County Executive Harold C. Perham was in charge with twenty-seven boys among the contestants.

High scores by the members of the events were made by E. Emerson, Norway (37), G. Bacheider, Norway (36), B. Curtis, West Paris (29), H. Curtis, Norway (19), Frank Smith (17), Clarence Tucker (16), Freddie Lewis (16), V. Ashton (13), G. Locke (11) all of Norway; E. Burnham (15).

BASEBALL

Twin Towns 7; Farmington 0
The Tri-County League opened for Norway and vicinity, Thursday afternoon, when the Twins blanked Farmington. Both outfits played with but two errors each, and fielded sharply. The home club had a batting edge and secured 11 hits, one by Kneeland was a two-sacker. Farmington landed but 4 singles from "Lefty" Beck's delivery. Neither side scored until the third, but the 4th with four runs was a windfall for the Twins, owing to a string of passes issued by Gray. Aside from this unlucky session, the visitors were in full speed and digging in hard.

Ed Kneeland, the Twins' back stop, was struck on the back of his head with a ball, while trying to steal home from third, and laid up for a time. He returned and gamely finished the battle.

Twin Towns 17; Oxford A. A. 3
The Portland aggregation were outclassed and swamped under an avalanche of hits at the fair grounds Saturday afternoon when Billy White's colts scamp over the green sward to a lively tune.

The Norway delegation posted up to runs in the first frame and another in the third. Oxford secured a pair in the third whack, but the Twins with their wallows by Perry, Robinson and Knight and two passes netted four tallies in the fourth session. Woodbury, who opened for the Oxford, retired after the fifth inning in favor of Powers. This change failed to check the slugging, for the sixth gave the Twins two scores from hits by Perry and White with two passes.

In the seventh the Twins made a killing. Powers walked Keville, Peele and Duffy. Moynahan away laced a two-sacker, Perry put away a single, Robinson also whanged out a safety and White bumped a star chaser into left for two sacks. All this rumpus netted eight scores. Which made a movie thriller in left field when he pulled down White's fly with one hand and somersaulted. The play was declared safe, but from the grandstand it looked like a pretty "out" and spectacular.

While the Oxford dr venine hits from Knights delivery, they failed to bunch, except in the fifth when they laid away two singles and a double. Quick returns from the field held runners, and only one crossed the platter in the rally. Two scores in the third resulted from Lynch single; Duffy's misjudging White's fly into right and a fielder's choice to retire Beardon.

Knight burlied easily for the Twins and never was forced into the traces. The last three innings he "stepped on it" a little and had 'em swinging. Score:

Twin Towns Games
Following is the schedule for the week ending July 14:
July 6—Twin Towns at Livermore, league.
July 7—Twin Towns at Lewiston, league.
July 8—Portland at Farmington, league.
July 12—Dixfield at Norway, league.
July 14—Augusta at Norway.

Twin Towns Talk
In the independent schedule Twin Towns will play Augusta here on July 14 and at Augusta, July 22, at the home of George Tucker, the regular umpire of last season, who has signed to follow the Twin Towns in their wanderings. He has passed up several league offers with larger financial returns, but prefers the small town life and congenial atmosphere of the last year.

Edwin Lund, a member of the last year's team, jumped Livermore Falls this summer to manage the Old Town outfit. According to reports, he is in Dutch with many teams by his methods of strengthening at the expense of his neighbors.

Friday for Lund's team and Kenney of the Twins leaped his contract this week for the same outfit. It is understood Manager Lund is scouting for more material with a flash of increased salary.

Manager Billy White tried to prevail on Mr. Kenney to remain here, but without success. Five clubs have broken off all relations with the Old Town A. A. because of the alleged unsportsmanlike tactics. They are the Augusta, Dixfield, Farmington, Livermore Falls and Star Taxis.

In all probability the Twin Towns will join the protest.

George Keville had a bad fall while stealing second in the game, Saturday. He was laid up for a time when he supplied, but returned to his position on third when the Twins took the field.

The Twin Town managers are under cross fire. A large contingent have been shooting for a strong line-up—we have heard. But the fans want games and the teams were the only ones available on the dates. "Deliberately staying away from the grounds when a supposed 'out' is in progress" is a poor sport and thing.

Also a slap at the Association. The same fans who kick over the traces and gnaw when a club which proves outclassed is matched here, will also blow a similar tune on occasions when the Twins meet defeat at the hands of a stronger club.

We are either too fast or not fast enough. One day we bow in hero worship and after the next game would hang the whole bunch. This attitude may be human and universal, but it doesn't soften the berth occupied by the hard working committee and team manager. Have a heart, be a good sport and practice the golden rule. Support the team to the limit, then the boys will pull hard for the top notch.

Gill-Perry
William Henry Gill Jr. of Harrison, N. J., and Elva May Perry of Norway were united in marriage on June 30 at her home, "Maple Lane Farm," Norway. The ceremony was performed at 3 o'clock in the afternoon by Dr. Edgar G. Wolfe, pastor of the Congregational Church at Lewiston. The double ring service was used.

The bride was gown in white satin and canon crepe and given in marriage by her father. The wedding march was played by Adeline DeCoster. Dorris S. Longley of Norway was the bridesmaid. The bride was attended by William E. Ingalls of Newark, N. J., acted as best man. Bessie W. Crane sang very effectively before and after the ceremony "O Promise Me."

A reception from 4 to 6 P. M. was a happy event. The receiving line were the parents of the bride and groom, Mr. and Mrs. F. H. Perry and Mr. and Mrs. W. H. Gill. Adeline DeCoster was in charge of the bride's table and in charge of the guest book. Mabel Perry and Mrs. John Wilkins gave the punch. Addie Thurston, Winnie Hall and Maud DeCoster served the salads, coffee and cake. Orchestral selections during the reception hours were rendered by Mrs. Herman L. Horne piano, Grace Dean violin, Arthur Morgan cornet and Clarence DeCoster, trombone.

Olivia Stone was in charge of wedding gifts which included linen, pyrex and cut glass.

The color scheme of the decorations was green and white, arranged by Addie Thurston and her assistants. Poinsettias, roses and syringa blossoms were effectively displayed in the dooms, making a very pretty picture.

Out of town guests included, Mr. and Mrs. W. H. Gill of Harrison, N. J., Mrs. S. Crane and daughter Bessie of Newark, N. J., J. J. Shattarvart, Jersey City, N. J., W. P. Ingalls, Newark, N. J., Nelson H. La Porte, New York City, and Mrs. John Wetmore, South Portland.

The couple left by automobile for parts known. The bride wore a navy blue velvet gown and carried a navy blue bouquet with a shower of congratulations and good wishes. After August first they will be at home at 110 Forest Street, Kearney, N. J.

Mrs. Gill is the daughter of Mr. and Mrs. Fred H. Perry of Norway and a native of this town. She was graduated from Norway High School, and Bates College '22. She has been a successful school teacher at Stony Brook, Long Island, N. Y., the past year. Mrs. Gill is a member of the First Street Congregational church, Lewiston and popular in social circles.

The groom is the son of Mr. and Mrs. W. H. Gill, 400 Davis Avenue, Harrison, N. J. He was born in Newark, N. J., and received his preparatory education at the Harrison High School. Mr. Gill is electrical foreman with the Public Service Production Co. He is a member of the American Institute of Electrical Engineers, the Christ Episcopal church at Harrison, N. J., and prominent in the Y. M. C. A.

Bishop Richardson for Chautauqua
The committee on the Chautauqua Sunday service have secured as the speaker, Bishop E. G. Richardson of Boston, a one of the most noted men in the Methodist Episcopal Church. The engagement of Bishop Richardson is made possible only through the fact that he happens to have other engagements in England near that date. The service will be on Sunday, July 22, in the evening, at the big tent on the fair grounds.

Henry E. Howe and family of Springfield, Mass., are occupying a cottage at Lake Penesseewassee for the summer. Mr. Howe is traveling salesman for the Paris Manufacturing Co.

Miss Mildred J. Holmes, who is training at the Eye and Ear Infirmary at Portland, was at home over the week end, returning to Portland Monday evening.

The concert by the Norway-Paris Band in Wilton Park, Monday evening, although not widely advertised, attracted a large crowd to the vicinity. Many in the audience came some distance for automobiles were parked in all available space nearby and along the main street. The Opera House block. Side streets were also used to advantage. The music was appreciated and a medley of auto horns and fire crackers after each selection constituted the applause. Concert next Monday evening at South Paris. The band of the DeCoster have returned home from Taunton, Mass., and were accompanied by their grandmother, Mrs. James Carey, who will visit Mr. and Mrs. Julius DeCoster.

Howard Lasse and daughter were at Old Orchard Beach, Sunday.

A new sign made by George H. Bennett, has been placed in the post office window, directing strangers to that institution.

C. Garvin Gilman, a temporary resident of Bridgton, who presented the Moose Minstrels here recently, suffered a fractured rib and bruises in a fall at the Opera House on the evening of the entertainment. He is under a physician's care at MacKay Camps, Long Lake, in Bridgton.

Mrs. Carrie I. Philbrook went to Center Lovell for the holiday and week end. Walter Young of Portland is visiting his parents, Mr. and Mrs. Freeland Young.

Young Stover a Versatile Navy Lad
William A. Stover, formerly of the U. S. Navy, now a shoemaker at the Carroll, Jellerson Co., and painter at Chestnut Gates' shop, is filling in spare time making novelties from strings and rope. He has completed a belt with fishing lines tied with half hitches, square and granny knots and in artistic design. A sofa pillow is being woven by hand from colored worsteds and is a beautiful piece of work. Hand bags and other things are to be made as time permits. The young man has traveled around the world and was on the submarine USS Albatross. A nose dive in the Bay of Biscay in France, remaining submerged 72 hours. The crew were rescued when a party cut holes through the hull. At the close of the war he spent some time in Germany and has visited Egypt and India.

It is interesting to note his mother was Nellie A. Spimney, who died when he was born. She was the daughter of the late B. F. Spimney, the well known shoe manufacturer in Norway. His father was the late Edward P. Stover, a shoe maker, Stover & Bean, custom shoe manufacturers at Lowell.

The young man carries wounds received in the service while guarding prisoners. He can turn his hand to almost anything from dissecting an automobile to making a two weeks' vacation in the Yaggar months training under Uncle Sam has given him a knowledge of practical things which are mighty useful to the civilian.

Tom Thumb Wedding
A cast including seventy and more children, had a part in the pleasing tate the "Tom Thumb Wedding," staged at Norway, Grange Hall, Friday evening. Grace Wooster, who specializes in the work, rehearsed and produced the play in an effective manner. This was under the auspices of the Epworth League and Methodist Episcopal Church.

The wedding party comprised thirteen youngsters from two to four years of age and they wore appropriate costumes. The exercises were carried out in detail as befitting a formal and fashionable ceremony with the children taking their parts in a serious manner.

Principals in the cast were: Gertrude McKay Bridegroom, Raymond Edwards Best Man, J. J. Shattarvart, Jersey City, N. J., W. P. Ingalls, Newark, N. J., Nelson H. La Porte, New York City, and Mrs. John Wetmore, South Portland.

OUT OF THE GLOOM

Many a Gloomy Countenance in Norway
Now Lightens With Happiness

A bad back makes you gloomy.
Can't be happy with continual back
ache.

The aches and pains of a bad back are
frequently due to weak kidneys.
Doan's Kidney Pills are recommended
for weak kidneys. Ask your neighbor.
So Norway citizens testify.

Mrs. Orville Palmer, Lower Main St.,
Norway, says: "I was suffering from
disordered kidneys. My back was pain-
ful and it made me restless at night. I
was dizzy and everything seemed to turn
around in the room. My kidneys didn't
act regularly. Doan's Kidney Pills had
been used in the family with benefit so I
decided to go to Clark's Drug Store and
get a supply. After using two boxes, I
was all right, so I gladly recommend
Doan's."

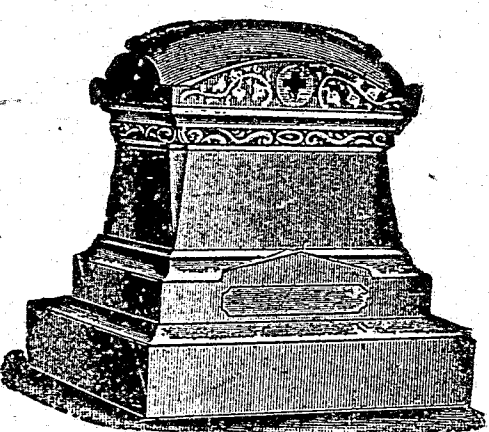

Price 60c, at all dealers. Don't simply
ask for a kidney remedy—get Doan's
Kidney Pills—the same that Mrs. Palmer
had. Foster-Milburn Co., Mfrs., Buffalo,

Echoes From Oxford Pomona Grange
The fine day and the prospect of meet-
ing the officers of the Maine State
Grange of which State Chaplain, Alfred
E. Morse of South Paris, State Lecturer
Marle J. Hartman of Bethel, State
Secretary E. H. Libby of Auburn were
present and also to enjoy the meeting the
High Priest of Demeter, Charles M.
Gardner of Springfield, Mass., drew a
large concourse of the members of the
order.

Many thanks are due Mrs. Sadie Va-
shaw and Mike Marshall for their effi-
cient management in serving the dinner.
The people of Bethel certainly felt
they were on the map, June 26.

A feature of interest was the presence
of Mrs. Loretta Valentine, the only sur-
viving charter member of Bethel Grange.

J. Boyer and daughter Nellie, the Mis-
ses Taylor, all of Auburn, were callers
on Ruby Smith, Sunday.

D. R. Smith and Mrs. A. E. K. Grover
were at West Bethel to see Mrs. Grover's
cousin, W. D. Mills, who has been ill in
bed for seven weeks. His condition im-
proves slowly.

Ray Parker was in town recently, a
guest at Merton Farwell's.

Seth Mason is improving, but not very
fast. Mrs. Mason is still with him at
McCarthy's Hospital.

George Lutton has moved to the Co-
bury rent on Main Street. Wallace
Warren has moved to the stand that he
recently purchased in Mayville, over the
river.

Harry Kessell, W. E. Bennett and Or-
man Bennett are painting E. F. Peter-
kin's buildings.

Mrs. Millard Lord of South Paris was
a recent guest of her old neighbor, Mrs.
A. E. K. Grover.

Marion Mansfield is at her home. Mrs.
Mansfield and Irving Carver went to
Portland to meet her.

Many tourist parties are enjoying a
trip through Bethel with brief stops at
the several hostilities.

Herbert I. Bean has moved his family
from Lewiston to the home he recently
purchased on Spring street. Their son
and wife, Mr. and Mrs. Herbert R. Bean
and little daughter will also spend the
summer here.

Mrs. Emily Felt of Bryant Pond was
a recent guest of Mrs. Florence Billings.
Fred Shaw has moved back to his farm
on Robinson Hill and rented the place on
Mill street. Rents are really at a pre-
mium.

The Rev. Mr. Wheaton of Conway, N.
H., was in town recently.

Mabel Shaw is in New York, a com-
panion to a lady who travels much.

Mrs. Shaw is in Lewiston, she recently
had her tonsils removed and made a fine
recovery.

The Kilborn cottage on the Songo road
will not be closed for a time as reported.

Skillingston
The mill has closed down for two weeks
the men have gone to North Newry to
work.

Mr. and Mrs. Frank Powers and Mrs.
Vernon Kimball from Portland visited in
town lately.

Mrs. Little of Portland is visiting her
daughter, Mrs. Rex Robinson.

Mr. and Mrs. Hobbs called on Fan
Sanborn one day lately.

Jesse Chapman and Mr. and Mrs. Grif-
fin were in South Paris, Sunday.

HOT WEATHER RULES FOR THE HORSE

1. Load lightly, and drive slowly.
2. Stop in the shade if possible.
3. A sponge on top of the head, or
even a cloth, is good if kept wet. If
dry it is worse than nothing.

4. Water your horse as often as pos-
sible. So long as a horse is working,
water in small quantities will not hurt
him. But let him drink only a few
swallows if he is going to stand still.

5. When he comes in after work,
sponge off the harness marks and sweat,
his eyes, his nose and mouth, and the
dock. Wash his feet but not his legs.

6. If the thermometer is 75 degrees
or higher, wipe him all over with a damp
sponge, using vinegar water if possible.
Do not wash the horse at night.

7. Saturday night, give a bran mash,
lukewarm; and add a tablespoonful of
saltpetre.

8. Watch your horse. If he stops
sweating suddenly, or if he breathes short
and quick, or if his ears droop, or if he
stands with his legs braced sideways, he
is in danger of a heat or sun stroke and
needs attention at once.

9. If the horse is overcome by heat,
get him into the shade, remove harness
and bridle, wash out his mouth, sponge
him all over, shower his legs, and give him
two ounces of aromatic spirits of am-
monia, or two ounces of sweet spirits of
nitre, in a pint of water; or give him a
pint of coffee varm. Cool his head at
once, using cold water, or if necessary,
chopped ice, wrapped in a cloth.

10. If the horse is off his feed, try him
with two quarts of oats mixed with bran,
and a little water; and add a little salt
or sugar. Or give him oat meal gruel or
barley water to drink.

11. Clean your horse at night, so that
he can rest well, clean him thoroughly.
The salt dandruff drying on his skin
makes him uncomfortable, and often
produces sores under the harness.

12. Do not fail to water him at night
after he has eaten his hay. If you do
not he will be thirsty all night.

13. If it is so hot that the horse
sweats in the stable at night, tie him
outside, with bedding under him. Un-
less, he cools off during the night he
cannot well stand the next day's heat.

WELCHVILLE

Graduated from Hospital
Miss Grace Brett recently graduated
from the Boston city hospital where
she has been in training since September
1920.

Miss Brett is very enthusiastic over
her work and is particularly adapted to
the profession of nursing. Through her
course in Oxford high school Miss Brett
was studious and faithful. She was a
member of the class of 1919.

After her graduation she taught school
with success for one year in Waterford.
Nursing, however, had been her choice
from childhood, and she resigned as
teacher at the end of her first year.

Miss Brett is the daughter of Mr. and
Mrs. Charles H. Brett of Welchville.
She is a member of Oxford Grange.

"A man doesn't have to be much of an authority on driving a car to know that it's a heap-sight better to be careful than to wish afterwards that you had been. Carelessness, not recklessness, causes most of the accidents."
(The Traffic Officer)

Says the Veteran Motorist:

"I WANT to say right here that the attitude most motorists have toward the traffic officer is absolutely wrong. The majority of drivers imagine that he is always out to get them. Nothing of the sort.

"His job is to keep the highways safe for everybody. He's out to keep you from endangering the lives and limbs of others. And he's out just as hard and just as long to keep the other fellow from banging you up. He may call you down one minute and then save you a nasty smash-up at the hands of some novice or dare-devil just behind you.

"One of the best scouts I ever met is a traffic officer and a few incidents that he and others have told me make me feel like taking my hat off to the whole bunch of them. If you want my honest opinion of it, I think it's a wonder that they manage to keep so courteous, considerate and fair—considering what they have to put up with day in and day out."

STORY OF BY-GONE DAYS

Twenty-Six Years Ago

James Danforth has purchased the Bearce residence on Pleasant street and will make it his residence.

Foundation for the new Episcopal Church on Paris street is well under way. The lumber is on the spot and carpenters will begin their work at once.

Louis B. Wilson and crew are drafting plans from field notes at the Oxford Central Railroad headquarters in the Geo. Locke store. Distances by rail are as follows: from Norway to Rice's junction to East Stoneham, 8.13, Junction to South Waterford 4.81 miles, total 21.50 miles.

The Chas. W. Bowker block, South Paris is practically finished. An artistic front of galvanized iron molded in pillars and cornices was put in place this week.

The grove meeting at Electra Park, Sunday afternoon was largely attended. Clark Mitchell of Lewiston was the principal speaker and was assisted by the local pastors, Rev. J. A. Harding, Rev. T. J. Ramsdell and H. L. Plummer. Mrs. Clarence L. DeCoster was organist.

Douglass Seminary in Norway Waterford closed a successful year this week. The graduating class included Ida Gertrude Abbott, Annie Wallace Pearson, Alice May Munroe, Bertha Clyde Hamlin, Bessie Hamlin, Mary Florence Rounds and John Muller.

NORWAY AND VICINITY

Joe Merrill Resting After Busy Season
J. Hartwell Merrill, son of Mr. and Mrs. Wiggins Merrill of Brockton, Mass., formerly of Norway, writes friends he is resting at his home after a strenuous season with the Case Concert Company.

Joe, as he is known by Norway acquaintances, has developed into a musical artist with a rare baritone voice and talent for interpreting piano compositions. He showed marked ability as a youth while receiving a course of piano instruction under Pearl Cook, now Mrs. Scott Kilborn. The Merrill family moved to Brockton several years ago, and Joe continued his studies. He is a graduate of the Ithaca Conservatory of Music and a pupil of Bert Rogers Lyon. The Case Concert Company includes four artists under the management of a prominent Lyceum Bureau and press notices indicate the members are musical artists and entertainers of ability.

Rehearsals for another season start in September and they leave Syracuse, N. Y., for a tour through New York, Pennsylvania and New England.

Hugh Pendexter's Ideas About Teaching

According to Hugh Pendexter of Norway, American history is incorrectly taught in our public schools. This statement is accredited to the noted author by a correspondent for the Christian Science Monitor, who further states in Mr. Pendexter's opinion, topical method of teaching history is absurd, also any methodical descent to genealogy or flattery of personality or hero worship. The author is counsel the child's imagination should be the fertile soil in which to plant seeds of historical facts in story form,—not dead figures,—but stories of events covering periods. These should be mental pictures bright and sparkling, but not devoid. Mr. Pendexter would aim to convey ideas to them without their realization of any studied effect to instruct.

In teaching the multiplication and other tables, the author would replace 20 or 30 pages of dry arithmetic with a single sheet of paper and a pencil. Imagination should also be worked upon in this branch.

Mr. Pendexter would teach the alphabet first as a foundation for correct spelling. The pupil, after learning the characters, arranges them quickly into words and later into sentences. A personal experience on a typewriter keyboard when a child, has given the author a clue to the proper method for impressing on the young mind, letters and their arrangement into words.

The committee from the Board of Trade handling the tourist question, has painted the buildings at the free camp ground and furnished a supply of stove wood. A tourist register is there and the first to sign is a family from Honolulu who are flitting from coast to coast. They landed in San Francisco, purchased a Ford and crossed the continent. A fine spot for camping is their verdict.

Dr. I. P. Simons of North Norway presented us with as handsome a box of strawberries as the eye seldom sees. They are the Simons' Premium variety of a deep red color and were nice, large berries and as luscious to the taste as pleasing to the eye.

Charles Verenis is having petitions removed at the vacant store in his block, making one large room nearly fifty feet long. This space includes the rooms used many years by Harry Lane for a tailor's shop. It is understood the room will be fitted up for a meat market and Arthur B. Cobb will carry it on.

Mrs. Fontie Brown has gone to Waterford where she is employed at Mrs. Willard's Girls' Camps. She expects to return to the Carroll, Jellerson Shoe Co., after the camp closes.

Ethel I. Bradbury of Portland is the guest of her parents, Mr. and Mrs. Thomas Bradbury.

Noble's Corner

Sarah Bridgeham of Auburn has been visiting at Charlie Herriek's a few days. Mr. and Mrs. Percy Upton, Dorothy and Linwood Gately motored to Cascade, N. H. Sunday, June 24 to visit Mrs. Upton's cousin, Mrs. Alfred Gagne. Mrs. Hannah Merrill, who has been spending a few weeks there came back with them.

Mr. and Mrs. Percy Russell and son Charles have been to Maranacook a few days visiting Mr. and Mrs. Roy Curtis. Charles Knight and Percy Upton attended to the chores while they were away.

Little Lillian Cole of Portland is spending the summer at Percy Upton's. Harry White and Percy Upton are working on the road in Crockett Ridge vicinity.

Little Ellen Fitch who has been visiting her grandmother, Mrs. Pamie Hunt returned to her cottage at China Lake June 24 with her father, Leroy Fitch.

We call attention to the advertisement of the Shaw Business College, appearing in another column of this issue. This school offers exceptional opportunities for young people to secure a first-class office training. A free catalog is mailed upon application.

COULD HARDLY DO ANY WORK

Since Taking Lydia E. Pinkham's Vegetable Compound This Woman Feels So Well

Keeseville, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for the good it has done me. I was so much troubled with female weakness I could hardly do any work. I saw your advertisement in the paper, and read it to my husband. He said, 'You had better try Lydia E. Pinkham's Vegetable Compound,' so I bought six bottles, and by taking it I am not troubled as I was. I am gaining strength and getting fleshy. My female troubles have vanished and I have never felt so well. The Liver Pills are the best I ever took. If you think my letter will encourage other sufferers you have my permission to use it as an advertisement."—Mrs. SARAH BLAISE, Box 177, Keeseville, N. Y.

Doing the housework for the average American family is some task, and many women lose their health in so doing. If you, as a housewife, are troubled with backache, irregularities, are easily tired out and irritable, or have other disagreeable ailments caused by some weakness, give Lydia E. Pinkham's Vegetable Compound a trial. Let it help you.

A Buick Closed Car Built For Summer Driving

The Buick Six Cylinder Touring Sedan is particularly popular because it combines perfectly the many advantages of the open touring model with the luxury and convenience of a fine closed car.

The wide windows provide touring model airiness; yet in case of a summer shower or dust storm, a turn of the hand instantly protects the occupants without obstructing their vision.

Buick traditional performance, power dependability and riding comfort are worthily typified in this Touring Sedan.

FIIJANS POLITE TO A FAULT

In Some Respects, It Might Be Criticized, They Carry Desirable Quality to Excess.

So eager are the Fijians to be polite to visitors that if a guest slips and falls they most immediately follow suit. If a guest slips and happens to fall in the presence of many Fijians, there will be a great scrambling, as everyone tries to place himself prostrate upon the ground first. Instead of hastily getting up and looking around in an embarrassed manner to see if any one saw the mishap, a guest in Fiji has the satisfaction of feeling that he is not the only unfortunate one.

In many other ways the Fijian shows his respect for his guest. When the subjects of a ruler in Fiji hear that the ruler is to be visited by a chief from another tribe, or a person from another country, all volunteer to help entertain the guest.

Each man begs to be allowed to contribute something toward the feast, or in some other way to add to the comfort of the visitor. The chief is at liberty to command anything the Fijian has for the comfort of his guest. The ruler seldom abuses this privilege. He is very desirous to win and hold the favor of his subjects, and, as a rule, rewards them liberally for their services.

SPARED OBLIVION OF GRAVE

Many Animal Pets Receive Ministries of Taxidermists Instead of Sextons.

There are hundreds of people in Greater New York who become so fond of their pets that when they die they will not permit them to be buried. When a pet cat or a toy dog dies they find the idea of sending it to the city dump so utterly intolerable that they take the departed favorite to a taxidermist, and by this route it acquires the right to remain in New York with them indefinitely, and the stuffed animal becomes a cherished ornament.

There is nothing flippant about the owners' feelings in the matter. Downtown taxidermists who conduct annually thirty or forty of these ceremonial ceremonies of those who have lost their pets, smile a little always as they speak of this branch of the business, which is a small but steady item in every year's work.

Some taxidermists have more birds brought in for mounting than cats and dogs. Canaries are still being mounted, sitting on a branch, surrounded by the same sort of grasses and immortelles that were in vogue a generation ago. They are still covered by a grass bell, and the resulting ornament is as fondly treasured today as it ever was.

Racine.

Strange as it may seem to those who have been accustomed to think of that great artist merely as a type of the frigid pomposity of an antiquated age, his music, to ears that are attuned to hear it, comes fraught with poignancy of loveliness whose peculiar quality is shared by no other poetry in the world. To have grown familiar with the voice of Racine, to have realized once and for all its intensity, its beauty and its depth, is to have learnt a new happiness, to have discovered something exquisite and splendid, to have enlarged the glorious boundaries of art. For such benefits as these, who would not be grateful? Who would not seek to make them known to others, that they too may enjoy, and render thanks.—Lytton Strachey, in "Books and Character."

Nature's Little Joke.

A food expert warns the public against the Ben Davis apple. "Such apples," he says, "are neither flavorful nor have they good keeping qualities. They are good for neither eating nor cooking." He might have said more. He might have told of the reproachful looks cast on you by a host or cow when you give it a Ben Davis. Someone must have had an awful grouch to call this thing after a man of that name. The Ben Davis is a deceptive-looking vegetable. In color and shape it resembles a fine apple. It is good only to look at. Its flesh is tasteless and without juice. It looks like an apple, but it isn't one. It is one of Nature's jokes.—New York Daily News.

Heat.

On hot days most of us are about as efficient as dull razors. We blame the heat. The trouble may be in the sunshine—brilliant daylight—instead of the heat, according to a new theory among English meteorologists. Some of them are coming out against daylight saying, arguing that the more hours of daylight we have the less efficient we are. You have observed that you are most energetic in winter, when daylight is short, with sky laden and light dim. We are puppets of the sun.

Saving Money Through Fossils.

The invertebrate fossil is the clock by which the geologist tells the time in history when the rock bed containing the fossil was formed. This clock has been put to practical uses. New York was spending thousands of dollars in search of anthracite coal beds until geologists demonstrated that the beds in this state could not possibly contain coal. Fossils proved that the rock beds belong to the Devonian age, not the Carboniferous, and the useless expenditure of money at once ceased.—Scientific American.

Old Stuff: "It wasn't my fault—I was driving slowly."

THE RURAL CHURCH

Commenting on the report that in the last five years about two hundred rural churches in Kansas have been abandoned because the farmers, since the automobile has come into general use, attend church in some of the cities or larger villages, a writer in the New York Sun says:

The advent of the automobile has brought about a change in both the country church and the country school. In the case of the school the change has been improvement. The old fashioned rural schoolhouse was ill equipped for its work, as equipment is judged nowadays. The better buildings and the better teachers were in the towns. Since the farmer's child can now often go twenty miles or so to school, he attends classes in the city or else at a school built by a larger and wealthier district.

As affecting the church, it is pointed out that the motor car tempts the dwellers in the country to forsake the local church in favor of one in a larger community, a church having a pipe organ and professional singers and perhaps a more gifted pastor. There is the motor car, moreover, a temptation to avoid church altogether and devote the day to touring the country. This is not so much to get fresh air, which is sometimes the city man's excuse, as it is for a change of scenery, which is needed by the rural dwellers as much as by the inhabitants of cities.

This writer calls attention to the fact that churchmen have recognized this condition for several years and in several instances there has been an attempt to do for the church what the automobile has done for the country school. There have been here and there attempts to have better, if fewer, rural churches; to make the church in the country a social center, following the example of many city churches. From this point of view, the abandonment of small church buildings, where there have been small congregations and irregular services, is not in every case a complete loss.

Although not touched upon by the writer referred to, there is another complicating factor that has been more recently injected into the problem of the country church. This is the rapid development of the radio and the growing practice of broadcasting sermons by noted preachers. When the household with an up-to-date receiving set can hear the best there is in the way of church services without leaving home it is only natural that many will prefer to move along the lines of least resistance. While the local church may suffer there is some consolation in the possibility that many who never attend church in the regular way will be involuntary beneficiaries of the seed thus sown. The financial end of the small church problem, however, is likely to suffer from this development.—Bideford Journal.

KEEPING BUSINESS AT HOME

No town can be permanently prosperous in which the citizens and tradesmen dependent on each other do not patronize one another. The fact is, but little is ever made in going away to trade, if it can be secured at home, and oftener there is a loss. Show us a town in which the people make it a rule not to send away for anything they can't get at home, and we will show you a town in which business is lively, and everybody buys, and trade is centered from abroad. Prices are low and the tradesmen patronize each other, having no suspicion that confidence will be abused. Let it be understood that when business men of any town get in the habit of sending abroad for purchases the business will languish. Having no confidence in each other how can they expect others to have confidence in them? No, that's not the way to build a town. Patronize each other, and keep your business at home.

KEEPING GREEN THE MEMORY OF OUR LOVED ONES

It seems that many of us have forgotten the fact that some of our loved ones and closest friends have gone to their final resting place in the halls of the dead. Let us not be unmindful of the fact that it is our duty and privilege to keep clean, spic and span, their graves and surroundings.

Many seem to think the Cemetery is only a place for refuse. Let's not look upon it in this light, but that it is a sacred spot. Let's keep green their precious memory and green their final resting spot. We honor ourselves when we respect their memory and we cannot respect their memory in mind only. Let's show it at the cemetery.

If each of us who have dear ones buried there would spend a few hours improving and beautifying their graves what a beautiful spot it would be. What a beautiful spot it would be.

Coming Events

July 17-23—Community Chautauque, Oxford County fair grounds

Norway and Vicinity

The shoe factories closed Tuesday night for the remainder of the week. Business in both shops is increasing with about 120 dozen pairs each day at the Carroll, Jellerson Co. and 130 dozen pairs at the Norway Shoe Co. Both expect to increase their output at an early date. Miss Mary Hayden and Mr. and Mrs. Eugene Uhlman and daughter of West Bridgewater, Mass., arrived by automobile, Saturday. Miss Hayden remained

as the guest of Mr. and Mrs. Harold A. Anderson while the others continued to Bethel to visit relatives. They expect to return to Massachusetts on Saturday. Gertrude Gardiner, Elizabeth Lasselle and Mrs. Jennie Young are home from New Bedford, Mass., for the summer. Miss Lasselle has gone to the farm for a time. A new raised letter sign for Eliot A. Fuller Co. and Hills' sign re-covered with fresh gold leaf were put in place on the Opera House Block, Tuesday. Chester Gates did the whole job. Many auto parties from Massachusetts New York, New Jersey and other states passed through the village Tuesday, pre-

sumably for holiday trips around the White Mountains. Stephen B. Cummings had the stately elm in front of his residence sprayed Tuesday. Something is attacking the foliage on elm trees in this vicinity. Mr. and Mrs. Chester C. Russell of Farmington, N. H., Carl P. Blaisdell and Lee E. Holt of Lakewood, N. H., spent the Fourth with Ralph S. Osgood and enjoyed an auto trip to Gorham, N. H. and visited Mr. and Mrs. John O. Briggs and Mr. and Mrs. C. E. Barker. The ladies' circle of the Universalist Church will meet Friday afternoon with Mrs. S. B. Cummings at her home on Main Street.

Beginning this month, the boy scouts will meet every 1st and 3rd Monday evening until further notice.

Mr. and Mrs. L. I. Gilbert motored to Wolfboro, N. H., where they spent the week end. Mrs. Lena Gray and son Richard are at Camp Wiley at Wolfboro for a two months' stay.

Mrs. Marcia Millett is at Bucksport for an extended visit. Mrs. Julia Horne who has been with her son, Dr. Lester Horne and family of Fairhaven, Mass. is at her home for the summer.

Miss Sara Mayberry of South Norwalk, Conn. is the guest of Mrs. Emma H. Mann.

Veranda Club Notes

The Veranda Club motored to the home of Mrs. Gertrude Stearns Thursday evening, June 28 for their meeting. This was the first meeting with Mrs. Stearns and was greatly enjoyed by all those who took the trip. A nice lunch was served after the meeting, the trip home was enjoyed as it was a fine evening after the rain.

The next meeting will be with Mrs. Damon, Thursday evening, July 12.

EARNING

Since 1912 Central Maine Power Company has put aside 15 per cent. of the earnings of its traction for depreciation. That is, out of every dollar a customer pays for electric energy, 15 cents to keep it in condition.

This 15 per cent. gross income amounting to the year ending August 1st of slightly over a million dollars, (\$580,000) was actually kept in the plant to replace the property that had worn out or that had peeled off the poles that were gone.

KEEPING YOUR DOLLAR ON A 100-CENT BASIS

If you own a house or a barn or a building, you have a "depreciation" problem. That is, once in about so often the paint peels off—and you paint it, the roof leaks and you shingle it, a pane of glass is knocked out—and you replace it. If you buy a house for \$3,000 you ought to keep it shingled and painted and in such repair that if you want to sell it ten years from now it will still be worth \$3,000.

Your own problem of depreciation is no different, even if smaller, from that of a big company like Central Maine Power Company.

One hundred cents of every dollar that a power company nets when it sells you its preferred stock goes, directly or indirectly, into property. Each dollar goes to pay its

part toward a dam, or a power house, or a water wheel, or a pole, or an insulator.

Out of the earnings from that dollar's worth of property any well-run power company plans to put aside enough money each year to pay for keeping that property in repair. That is, ten years from now, or a hundred or a thousand, your dollar's worth of property should be worth at least 100 cents.

Now obviously a company can do one of two things with the money that it puts aside for the purpose of keeping your dollar's worth of property worth 100 cents. It can pile up the money and let the property fall to pieces—then take the money put aside and rebuild the whole thing; or it can spend this money, a little at a time as needed, and always keep the property in good condition.

Central Maine Keeps Property In First-Class Shape

Central Maine Power Company operates on the theory that stockholders are best protected and customers are given best service if the property is kept in good condition all the time, rather than if an effort is made to pile up a big reserve for depreciation.

PUTS ASIDE 15 PER CENT. OF EARNINGS

Since 1912 Central Maine Power Company has put aside 15 per cent. of the gross earnings of its traction properties for depreciation and renewals. That is, out of every dollar a customer pays us for electric energy, we put aside 15 cents to keep the property in condition.

This 15 per cent. of the gross income amounted to, for the year ending April 30 a matter of slightly over a half a million dollars, (\$581,158.75).

A considerable part of this sum was actually spent in keeping the plant in condition—to replace the poles that had rotted away, the generators that had worn out, the paint that had peeled off, the shingles that were gone. The re-

mainder was put aside where it is available when needed to replace larger pieces of property that must some day be torn down to make way for newer and more efficient ones. The amount which must be spent for renewals and replacements, varies—some years it is higher than the average—some years lower. Long experience has proved, however, that 15 per cent. of the gross earnings is an adequate amount to put aside; and that the stockholder's interests are best protected if the property is kept always in first class condition.

COMPANY'S POLICY VISIBLE

The results of Central Maine Power Company's policy of keeping the property in repair are out in the open for anyone to see. Our property is in good condition and well kept up—you can see that for yourself. Every dollar that was ever put into the Company is, we honestly believe, represented today by one hundred cents' worth of property—AND MORE.

AMOUNT ADEQUATE FOR PURPOSE

Central Maine Power Company officials believe its policy of keeping its property in 100 per cent. condition—of keeping 100 cents worth of property always behind every dollar invested, is the right policy. They are confident and they have years of experience to back up this confidence, that the 15 per cent. of the gross which is put away is adequate for the purpose, they have the property in excellent condition as proof that their belief is well founded.

When you buy Central Maine Power Company 7 per cent. preferred stock you can feel very sure that every cent of the net proceeds of the sale will go, directly or indirectly, into tangible physical property, that 15c or more out of every dollar's worth of earnings will be put back forever into the property, and that behind every dollar's worth of securities will continue, for all time to come, to be a dollar's worth of property or more.

Buy the preferred stock with a record of 17 years of uninterrupted dividends—buy Central Maine Power Co. 7 per cent. Preferred Stock.

Capt. Mel Sampson observed a doe weighing possibly one hundred pounds, step from the woods on Water street, Sunday, as if to drink in mill pond. The deer was frightened away by a pedestrian.

Mr. and Mrs. Aldro French and son were at their cottage over Sunday. George Merrill is shingling his buildings and painting them. Charles Merrill is doing the painting and it looks fine. Benjamin Richardson and family took dinner at Mrs. Mary J. Richardson's recently. A fine baked bean dinner with salads and desserts was served and all had a good time. They came in their auto.

We heard Mellen Dunham say to Albert Richardson, "I am glad you have got such a nice home with Mrs. Mary J. Richardson" and Albert replied, "I have not been so well for years; I have the best of care and as I cannot use my hands at the table, Mrs. Richardson prepares my food for me. I hope I will stay there until I go to my last resting place. I am the happiest I have been since my home was broken up. Mrs. Richardson is a real mother to me, kind and always pleasant."

The large whale on top of the Norway-Paris bus this week was not Capt. Mel Sampson's fishing propaganda, but one of Manager Bill DeCroteau's schemes, calling attention to a feature play at the Rex on Thursday night.

A miniature cyclone at the fair ground caused some amusement. Paper and twigs were carried skyward, but the funniest stunt was performed by Albion L. Buck's straw "lid." Albion was seated in rosters' row along the side lines and the air wave caught him broadside. The hat being the only movable property on his person, sailed away. He performed a snake dance in the pursuit, but the lid came back like a boomerang and nestled in the arms of its owner.

Mrs. Mary J. Richardson was taken very ill the 30th, at the village, but was so she returned home.

BOLSTER'S MILLS

Mrs. Mary Skillings Mrs. Mary Skillings passed to her heavenly home the 27th, aged 93 years and two months. She was a native of Otisfield, where she resided all her life with the exception of a few years in Harrison. She was the oldest person in town.

Mrs. Skillings was the widow of the late Benjamin Skillings. She is survived by one son, Sumner James, with whom she made her home, and two daughters, Mrs. Fannie Tyler Mills of Mason and Mrs. Carrie Weston of this town. She also leaves many grandchildren and a few great grandchildren besides nieces and nephews.

Funeral services were held Saturday afternoon at her late residence, Rev. Stanley Carney of the First Parish Church of Gorham officiating. Among those from out of town attending the services were Mr. and Mrs. Maurice Tyler and Benjamin Tyler, both of Bethel, Me. Whitman, Mr. and Mrs. Ernest Brown of Portland, Judge J. B. Pike and wife of Bridgton. The floral tributes were many and beautiful. Interment in the Stuart cemetery, Harrison.

Mrs. Skillings during her long and useful life, was a person of exemplary character, a devoted and conscientious mother and a kind and obliging neighbor, one who labored indefatigably for her home and family. Her memory will ever live in the hearts of those who loved her and her influence for good will descend upon her children's children. "Her daughters shall rise up and call her blessed."

Mr. and Mrs. Arthur Packard of Portland, who have been visiting relatives here at Locke's Mills and in Gorham, N. H., were guests of Mrs. Packard's brothers, Wesley and Colby Ring, for a few days last week.

Martha Brooks was in Rumford, Friday, taking the State examination for teachers.

Mrs. Elton Dunham, Theodore Dunham and Martha Brooks attended Pomona Grange at Bethel, Tuesday.

Albert Cash, who has been night watchman at Bryant Pond pool mill for many months, is now at work for William Eilery at his summer home on Christopher Lake.

Mr. and Mrs. Delphon Howe of Gorham, N. H., are at their home here and have with them guests from Providence, R. I.

Arthur Witham of South Paris was a Sunday guest at Alpheus Brooks', also a Sunday guest at the home of Bethel, Frank Brooks and family of Bethel.

R. L. Cummings was at Newton Bryant's, Sunday, and treated the family to a fine auto ride.

Wesley Ring has finished work on the road in Portland and returned home.

Mr. Andrews the mail carrier, is ill with measles. James Ring is substituting for him.

Louvie Cole, who has been at Wesley Ring's for several weeks, has returned to her home in Woodstock.

Three Days Auto Trip

Mrs. Colby Ring with her sister, Mrs. McAllister, recently enjoyed a delightful three days auto trip with their brother and wife, Mr. and Mrs. Albert Lary of Gorham, N. H.

Mr. Lary left Gorham on the morning of June 21, going by South Paris and Poland Springs to Auburn and Lewiston, then to Augusta where the State House was visited, also the old trading post and the block house built on the same spot and in perfect imitation of the one used in olden days when visited by Miles Standish. Close by is the rock, enclosed by an iron railing bearing an inscription to the memory of Benedict Arnold, who from that spot led the expedition for the capture of Quebec.

The ride to Winslow, just across the river from Waterville, was particularly enjoyed because of the fine scenery and large number of splendid farms to be seen. The home of Holman Day's mother is in this vicinity.

The second day took the party through Dexter, Newport and on to Dover-Foxcroft, where Miss Madeline Lary joined the party. A short stop was made at the power plant in Pittsfield and the second night spent about three miles from Waterville, near the spot where a short time ago an old Indian burying ground was discovered in which was found a body buried in a sitting position, as the Indians buried their dead. From this yard many rare Indian relics were taken.

The third day's ride was through Waterville to Farmington, Wilton, Dixfield, Notch, Dixfield Village, Rumford, and crossing the river at the ferry, on to Bryant Pond and home. The roads, with few exceptions, were wonderfully good, and while the grass looked promising, field crops were no better than in Oxford County, and everywhere rain was needed badly.

OTISFIELD GORE

J. H. Edwards of Mt. Hermon, Mass., was calling on friends here and attended the Pomona at Bethel.

C. B. Grover purchased the Millett horse to work the road, and his leg was broken by an accident the first day.

Mrs. Adelbert Buck of South Harrison, who has lately returned from the West, is visiting her daughter, Mrs. W. A. Brett.

The hilly season has begun at Moose Pond.

R. O. Merrill has seeded the five acre strip to grass on J. H. Edwards' farm.

Perhaps the simple life on the part of the majority of the people would help this nation wonderfully, in its efforts to find itself.

Cuts Better Lasts Longer

You will appreciate the John Deere Mower the moment you see it in action. You will notice particularly its simplicity, its great cutting power and the ease with which it is handled. These advantages, combined with the extra years of service it gives, makes the John Deere a mighty profitable mower investment.

JOHN DEERE MOWER

The Mower with the Balanced Gears

The driving gears on the John Deere are balanced—one set offsets the thrust of the other set. This eliminates side wear and strain. This mower transmits maximum power to the high grade carefully-fitted knife—that's why the John Deere does a better job of cutting and pulls lighter.

The flexibility of the cutter bar on the John Deere fits it for use in rough, uneven fields or for wood-cutting on roadsides—this feature you will like.

SIZES: John Deere No. 1 regular frame mower—3½ 4½ and 5½ cut. John Deere No. 2 big frame mower for mowing and field conditions—4½, 5, 6 and 7½ cut.

Another feature—if after years of use, lag develops in the cutter bar, this can be taken out—the bar is aligned by a simple eccentric adjustment. The John Deere handles easily. The bar can be raised high with the foot lever to pass over ordinary obstructions. With the hand lever an extremely high lift can be secured quickly and easily. It's no job to keep the John Deere in good running order. All parts are easily replaced; adjustments easily made—its simplicity is a real feature.

Be sure to see this mower before you buy.
It's the best mower we have ever seen.

Also, John Deere Hay Loaders, Side Delivery Rakes and Haying Machinery of all kinds.

All our implements were bought at the lowest prices that Farm Machinery has touched in five years and we are making our prices accordingly.

SOUTH ALBANY

Mildred Henley has been ill with the measles at her home. Her mother, Mr. and Mrs. Walter Canwell and children called at Arthur Millett's at Waterford, Sunday, June 24.

Ethel Kimball of South Waterford was at her grandfather's, Merritt Sawin's, Saturday.

Mr. and Mrs. Irving Greene and son Donald of North Waterford called at Merritt Sawin's, Sunday.

Mrs. A. Crocker and daughter-in-law, Mrs. George F. Crocker of Norway visited at Merritt Sawin's several days recently.

Merton Kimball and Clyde Millett of South Waterford were at Ora Saunders', Saturday after a heifer that Mr. Kimball had bought.

Max Penfold of South Paris is visiting her aunt, Mrs. Ernest Browne.

Llewellyn Holt of Andover and daughter and husband, Mr. and Mrs. Perry of Newport, visited his brother, Herman Holt, recently. They were on their way from Newport, R. I., to Hanover, Mr. Holt had been visiting his daughter at her home in that place. They were making the trip with their auto.

Annual Reunion

The annual reunion was held at the Dresser Schoolhouse, Saturday, June 23. A good company had made the best of a beautiful day and gathered here to meet old friends and revive old memories of schooldays that were pleasant, and if we believe all, some were exciting to say the least.

The forenoon was devoted to some races, contests and other things. Then dinner at noon, this was enjoyed by all and if anyone was afflicted with any form of indigestion afterward, the old saying that "laughter is digestion's best aid" must be proven false. We noticed several slight of hand performances during dinner, especially mentioned was the skill with which one of the diners ate custard pie with a jackknife. A delicious squash pie was made by Nina Briggs from a squash raised in 1922 and cut the day before. Mr. Briggs tells us that he has some more that are sound and nice. The following is the program:

The running race for boys and girls was won by Marjorie Canwell and Donald Lewis. Potato race for boys and girls won by Edith Wilbur and Donald Brown. Cracker race for men and boys won by Edward Flint. Bag race for boys won by Richard Holt and Donald Brown. Much appreciation was expressed to the teacher, Mrs. Frances Bennett, for her work in making this day a success and all parted hoping to meet again another year.

REDDING AND SHAGG-POND

Leavitt Robbins had the misfortune to cut his heel badly. He accidentally fell onto an axe; his father took him in a car to Buckfield, where Dr. Heald sewed up the cut, it is now healing rapidly.

Mrs. Dora Freeman of Rumford spent several days last week with her father, Daniel Rowe.

Virgil Rowe was home over the week end from his work in Rumford.

Will Redding and Raymond Rowe attended the graduation exercises of Edward Little High School at Auburn.

Week end guests at D. A. Rowe's were Hazel Lapham, Welsford Lapham and Herbert Freeman of Rumford.

Mr. and Mrs. A. P. Pales of Sumner Hill called on friends here, recently.

Doris Richardson of West Paris is visiting Miss Verna Redding for several days.

Eight young people and their chaperone from South Paris, have been occupying "Camp Altamyrterra" at Shagg Pond for the past two weeks.

Four gentlemen from Boston and vicinity have been occupying Harry Wheeler's camp at the pond for several days the past week.

L. C. Bates of West Paris has been making some repairs on the two camps he owns in this vicinity.

Mr. and Mrs. Albert Park, Mrs. Ella Heald and Stephen Russell spent the week end at the Parks Camp at Shagg Pond.

Mr. and Mrs. Alton C. Wheeler of South Paris were at their camp at the pond, Sunday, with friends.

George B. Redding made a trip to Solon, after a load of farming implements for Clifton Allen of Sumner.

ALBANY

Sunday, June 24, the Congregational Church of Albany had its first morning service for the summer season. Sigfrid B. Moley, a student of Wheaton College, Wheaton, Illinois, is to officiate this summer. He is a man who has been privileged to travel quite a lot in the United States and has many pleasant experiences which he can narrate. Sunday morning his topic was about the Love of God, and in his meditation he presented four aspects of the text John 3: 16; namely, that here we found, first, A Declaration of God's Love; second, The Recognition of God's Love; third, The Expression of God's Love; and fourth, The Greatness of God's Love. His messages are plain and straight-forward. He believes in the Bible as the inspired word of God.

Every Wednesday evening at 7.30 P.M., prayer meetings will be held at the vestry and plans will be made as soon as possible to follow some definite course or series of study.

There are many who will be glad to make the acquaintance of this young man and who will be glad to listen to his messages from time to time. Therefore watch the papers for announcements and plans for the summer as they will appear in the coming weeks.

The Most Simple, Lightest Draft Windrow Loader

We want you to come in and see what we believe is the lightest draft windrow loader ever built—it is so light draft that one man can pull it, on level land, elevating a fair-sized windrow onto the wagon.

JOHN DEERE

Dain System Windrow Loader

The Dain System Loader is light draft because of its simple construction—only one cylinder or drum, and is mounted on the axle. There are no gears. The loading parts are slowly driven; there is no beating or threshing of the hay; hay compression parts are automatically yielding, giving ample capacity; and the frame is mounted on the wheels in such a manner that the loader pulls easily under a heavy load.

The Dain System Windrow Loader is especially suitable for hilly land and for handling hay that has been air-cured in accordance with the Dain System. This loader will handle beans, alfalfa, clover and other kinds of hay gently without loss of leaves.

Don't forget that the Dain System Windrow Loader is on display at our store now.

BETHEL

OXFORD POMONA GRANGE

Oxford Pomona Grange met with Bethel at Grace Tuesday, June 26. This was an especially arranged meeting and a session was held in the evening for examination of work. Immediately after the train arrived with its quota of members (not to mention the autos which began to arrive before 9 o'clock filled with lively patrons), the meeting was opened. All officers were present. America was sung, following the salute to the Flag. Business was transacted and the assistant steward, lady assistant, and the master of Bethel Grange were appointed to look after the candidates for Pomona degree. Forty patrons were found in waiting, in the interior a roll call of granges was conducted. The following responded: Bethel, Bear River, Upton, Alder River, Mountain View, Pleasant Valley, Waterford, Bear Mt., Norway, Paris, West Paris, Franklin, Pleasant Pond, Crooked River, Oxford, Sweden, Mountain, Round Mountain, and Lakeside. Other Pomona, Brother Chas. M. Gardner, high priest of Demeter, of Springfield, Mass., responded for Massachusetts in a much appreciated talk. Merle J. Harriman of Readfield, state lecturer Kennebunk Pomona; State Secretary E. H. Libby, the Rev. H. A. Markley of Androscoggin Pomona, Brother Mitchell, master New Century Pomona spoke very happily; several visiting sisters also added to the occasion by their pleasant and witty remarks. G. W. Q. Perham also gave a brief talk.

The following were given the degree in full form in a fine manner: Stella Harwood, Susie Morse, Thelma Bancroft, Hazel Kimball, Sadie Kimball, Waterford Grange; Rex Hastings, Laura Cummings, Maud Cummings, Alder River Grange; Owen Powell, Charles Lane, Owen Richardson, Albert Fuller, Leslie Fuller, Isabel Fuller, Thelma Fuller, Mrs. Owen Richardson, Addie Vail, Jennie Day, Cora Abbott, Mrs. John Angervine, Upton Grange; Mabel Abbott, Alice Willis, Julius Robinson, Hazel Sanborn, Evelyn Briggs, Guy L. Thurston, Elizabeth Thurston, Chester Howe, Bethel Grange; Evelyn Heath, Alfred Buck, Gilead Grange; Wallace Saunders, Bear River Grange; Martin Colby, New Century Pomona; Rumford, Elmer Hayes, Roland Hayes, Amos Hayes, Urban Buck, Eva Yates, Franklin Grange; Mary Cole, W. Paris Grange.

At the close of the work, dinner was served in the dining room and hall above in the grange building (Odeon Hall) was secured for the meeting place. The number past the four hundred and fifty mark at the dinner and we would say right here that the same number were served a supper by the several granges in the jurisdiction. Strawberries and cream, rolls, hot coffee and salads galore were placed before the patrons for their delectation.

Mrs. Sadie Vashaw with Brother Mike Marshall as chief assistant, and a corps of waiters gave efficient service. "Hurrah for Old New England" opened the afternoon program which was full of interest, and was as follows: "Hurrah for Old New England"; pi and solo by Laura Brooks, Paris Grange; then followed an address by Charles M. Gardner. "The Fighting Grange," which was listened to with the closest attention and what the grange has done and will do in fighting for the best interests of humanity was clearly set forth. The talk gave every patron a clearer vision of the importance and power for good of this grand order. Brother Gardner certainly gave Oxford Pomona inspiration and entertainment.

A duet was given by W. S. Wight and Mrs. Gertrude Barron; a talk on good roads and many other topics of intense interest was given by State lecturer Merle J. Harriman.

E. H. Libby, secretary of State grange spoke on the value of the National grange monthly to every member of the order. Selection by the chorus.

The evening session was called to order at 8:15. The chief feature of the evening was the demonstration and instructions in the work given by the high priest of Demeter, Charles M. Gardner. Every patron present mentally made a step forward in appreciation of the beautiful work. These numbers followed:

Reading (encore).....Harriet Wing
Solo (encore).....Mrs. A. E. K. Grover
Mrs. Gertrude Barron of Starling Grange, Fayette.
Reading (encore).....John Little
Duet.....Mrs. Barron, Prof. W. S. Wight
The next Pomona was announced to meet with Ladies Grange, Harrison, the first Tuesday in August. Odeon song, "Star Spangled Banner." Ice cream was served to everyone in the hall and then good-night was musically given by the chorus. Attendance over five hundred. Hurrah for Oxford County Pomona!

OXFORD

Miss Harriet A. Andrews

Miss Harriet A. Andrews passed away at her home on Pleasant St., Thursday afternoon, June 21, after an illness of several months. Miss Andrews was born in Hartford, Me., Feb. 14, 1840, the family moved to Oxford in 1852 and Miss Andrews has always resided in town since that time. She attended the schools, also one term at Hebron Academy, and taught the primary school in the village which was held in the old brick school-house.

Miss Andrews joined the M. E. Church in Oxford, April 10, 1864 and had been a faithful member and constant attendant until failing health obliged her to give up going out. She taught a Sunday school class for over 50 years. She was a charter member of the T. A. Roberts W. R. C., was a past president, also had held the office of Department Aid and had been installing officer 15 times. Miss Andrews was employed in the Robinson Mfg. Co. mill for 40 years. She was greatly esteemed by all her friends for her many good qualities. She leaves as near relatives two sisters, Mrs. Martha Holden with whom she lived, and Mary E. Andrews of Portland; a nephew Chas. M. Andrews of Oxford, three nieces, Miss Hattie G. Andrews of Gardiner, Mrs. George Bibber of Gloucester and Mrs. George G. Austin of Portland.

Funeral services were held in the Methodist Church Sunday afternoon, conducted by the pastor, Rev. D. L. Joslin, who spoke eloquently of the faithful christian life of the deceased. A few words were read of appreciation by a long time friend and former pastor, Rev. Charles S. Cummings of Auburn. Burial in the family lot in Pine Grove Cemetery, Oxford.

Clifford Lake and Forrest Thomas were home from Chesterville, Saturday night.

Mrs. Thomas returned to Chesterville with them, Sunday, June 24.

WELCHVILLE

Graduated From Hospital

Grace Brett recently graduated from the Boston City Hospital where she has been in training since September, 1920. Miss Brett is very enthusiastic over her work and is particularly adapted to the profession of nursing. Throughout her course in Oxford high school Miss Brett was studious and faithful. She was a member of the class of 1919.

After her graduation she taught school with success for one year in Waterford. Nursing, however, had been her choice from childhood and she resigned as teacher at the end of her first year.

Miss Brett is the daughter of Mr. and Mrs. Charles H. Brett of Welchville. She is a member of Oxford Grange.

Elva Perry is at home after teaching a year at Stony Brook, L. I.

Keep Cool

There are several ways to keep cool, the best way that we know of is by having cool, comfortable clothing.

One may keep cool by selecting a cool seat under the shade of a stately tree, a cool bath may cool one off for a while, even so one wants good cool clothing when Old Sol gets to sizzling good and proper. Old Sol drives the Mercury up and Joe Boras drives it down, we have to battle against them both. How well we succeed in the battle is manifested by the repeated sales to the same customers. Drop in and see what we are offering for Hot weather wearing apparel.

Vast Resources Make High Value at Low Studebaker Light

Studebaker's vast resources are facture (not assemble) the Lightest new and most modern large in the world.

The Corporation's resources \$85,000,000 of actual net assets, 1,000 of plants, make it possible to offer a six-cylinder car, at less than the cost of a similar car, in formance, comfort and dependability, within hundreds of dollars of its price.

By complete manufacture, Studebaker guards the quality of each part, guards the profits, with the result of a car ever built, by anyone, at as great a dollar-for-dollar value.

Evidence of its mechanical superiority is its practical freedom from vibration, plished by the perfect balance of balance is obtained largely through machining of all surfaces of the connecting rods. This requires attention.

This method is followed exclusively on cars at this price. In fact, have this feature, and their price to ten times as great as that of the car.

It is significant, therefore, that than 80,000 Studebaker cars 6 months of this year broke all records.

Buyers are justified in expecting money in a Studebaker than in any other car.

STUDEBAKER

The Studebaker Light-Six

was designed by Studebaker engineers and is a complete in the NEW STUDEBAKER PLANT AT SOUTH BEND, IND., which are notable in design, size and equipment for efficient and economical manufacture.

The South Bend Plants contain 4,875,000 square feet of floor space.

They employ 12,000 persons.

They cost \$33,350,000.

The South Bend Forge Plant cost \$4,000,000,

which alone is more than the total assets of many automobile companies.

And then there are:

The machine shops which cost \$7,000,000.

The stamping plant which cost \$4,000,000.

The power plant which will cost over \$2,000,000.

The power plants which cost \$2,500,000.

The assembly and stock plants which cost \$5,000,000,

as well as closed and open body plants, spring shops, etc.

Studebaker plants, in cost and size, are the second largest of the world's automobile plants.

Studebaker is the second strongest financially of the automobile manufacturers of the world.

These facts show why it is possible for Studebaker to produce the Light-Six—a truly remarkable car—and sell it for less than a thousand dollars.

In actual car value per dollar of price the Light-Six is in a class by itself.

Nonprospective buyer of an automobile should decide on anything until he has seen and driven this car.

It is backed by a corporation with \$85,000,000 of actual net assets and a 71-year reputation for honest product and fair dealing.

Vast Resources Make Possible High Value at Low Price in Studebaker Light-Six

Studebaker's vast resources are utilized to manufacture (not assemble) the Light-Six complete in the newest and most modern large automobile plants in the world.

The Corporation's resources, consisting of \$85,000,000 of actual net assets, including \$45,000,000 of plants, make it possible for Studebaker to offer a six-cylinder car, at less than \$1,000, that is emphatically superior in design, construction, performance, comfort and dependability, to any car within hundreds of dollars of its price.

By complete manufacture, Studebaker not only guards the quality of each part, but saves the middlemen's profits, with the result that no other make of car ever built, by anyone, at any price, represents so great a dollar-for-dollar value as the Light-Six.

Evidence of its mechanical superiority is found in its practical freedom from vibration. This is accomplished by the perfect balance of the motor. Perfect balance is obtained largely through the complete machining of all surfaces of the crankshaft and connecting rods. This requires 61 precision operations.

This method is followed exclusively by Studebaker on cars at this price. In fact, very few other cars have this feature, and their prices are from three to ten times as great as that of the Light-Six.

It is significant, therefore, that the sale of more than 80,000 Studebaker cars during the first six months of this year broke all records.

Buyers are justified in expecting more for their money in a Studebaker than in any other car.

Fireworks

It is estimated that 5,000 people
assembled at the fair grounds to witness
the free display. The show was under
the personal charge of F. H. Osgood of
Portland, assisted by N. P. Truman and
O. E. Pitt.

Aerial bombs, batteries wheels, water-
falls, flying eagles and fountains were
included in a program lasting nearly an
hour. The pieces were expensive, but
carefully selected to give the varied
program as possible for the investment.

A twenty-eight brake shell produced a
beautiful effect, and is seldom used ex-
cept in expensive programs. The Yankee
spiral shell is new this year and proved
a regular noise maker.

Dance and Carnival
Nearly 125 couples crowded Shepard's
Barn in the evening where confetti and
noise makers were in evidence. Decora-
tions were black and white, touched by
pastel colors worn by the dancers.

Shaw's popular orchestra furnished just
the right kind of music to make the af-

HEALTH NOTES

A clean house with plenty of fresh
air and sunshine is a long step in the
direction of health.

The kitchen is the most important room
in the house from a health standpoint,
says the United States Public Health
Service. Keep everything about it and
every one in it scrupulously clean.

Beauty is more than skin deep. Nat-
ural beauty is usually a sign of health
that comes from keeping the body clean
and getting plenty of outdoor exercise.

A decayed tooth is far more dangerous
to the health than a fly in the soup, says
the United States Public Health Service.
Keep the teeth clean.

Thousands of children are killed every
year because parents say, "They will
have it anyway" and permit the little
ones to expose themselves to whooping
cough, measles, and scarlet fever, says
the United States Public Health Service.

Do not take drugs to cure the headache.
Consult a physician, a dentist, or an
oculist, to see if the cause can be located.
Often the eyes or the teeth may be at
fault.

A person can live weeks without food
days without water, but only a few
minutes without air, says the United
States Public Health Service. Persons
who pay but little attention to the purity
of the air they breathe are not careful as
to drinking water and food. Become a
fresh air crank. Raise the office win-
dows.
